

TECH.LIBRARY - za boljše delo knjižničarjev s slepimi in slabovidnimi

Mateja Lesar, Mestna knjižnica Ljubljana

17. november 2022

Co-funded by the
Erasmus+ Programme
of the European Union

Verjamemo, da mora biti knjižnica odprta in dostopna za vse.

Zato sodelujemo z drugimi organizacijami, se redno usposabljammo in iščemo lažje poti do knjižnice.

Predstavljamo vam projekt TECH.LIBRARY.

Projekt TECH.LIBRARY

Erasmus+, KA2 - Strateška partnerstva za izobraževanje odraslih

September 2020–November 2022

Sedem partnerjev iz šestih evropskih držav

<https://www.mklj.si/projekti/tech-library/>

Izboljšanje storitev splošnih knjižnic za slepe in slabovidne uporabnike s pomočjo uporabe IKT orodij in usposabljanja zaposlenih v knjižnicah

TECH.LIBRARY

Digital technologies and online tools are a key driver to foster improved library services for visually impaired readers.

Nevertheless, in most EU countries:

Library staff is not fully aware about the scope and potential of ICT tools and services for the involvement of visually impaired users, and awareness is also poor on valuable experiences and best practices that could be reproduced at local and international level;

Digital competencies of library staff are often insufficient to effectively integrate digital tools.
